Optional Booth Ventilation	<i>Booth Ventilation Includes:</i> <i>Complete Galvanized Metal Interior Booth Ducting</i> (REDUCES WORKING DIMENSION WIDTH BY 10") (Add 17" height for fan)					
Fan Size	<input type="checkbox"/> 16" in booths up to 72" <input type="checkbox"/> 18" in booths from 96" to 120 " <input type="checkbox"/> Twin 16" in booths over 120"					
Electrical Provided	115 Volt, Single Phase, (amperage depends on motor size and number of fans) Ground Fault Protected on/off switch					
422350	Yellow sleeves, for fluorescent bulbs (OPTIONAL)					

Lighting is the Key!
You have to see it in order to remove it!

Hydrobooth™ standard features:

- Contains all effluent for filtration
- Contain the mess of washing
- Splash guards
- Ground fault electrical switches
- Stainless steel sink pans, screen holding troughs and screen height adjustment system.

Hydrobooths have been engineered to handle chemical abuse and years of tough use.

Hydrobooths are available in custom sizes and stainless steel construction.
