

HYDROHEATER

Instantaneous Hot Water for Pressure Washers HH-O, HH-G, HH-LP

HYDROHEATER turns any cold water pressure washer into a hot water pressure washer. Systems provide versatility to operate with any pressure washer up to 3,000-psi.

- Select fuel type; Oil, Propane or Natural gas
 - HH-O (Diesel Fuel)
 - HH-G (Natural Gas)
 - HH-LP (Propane)
- Select flow required; 3-5 GPM or 7 GPM.
- Select electrical option

Standard Features

- Pressure Switch Burner Control
- High Limit Temperature Switch, 225°F
- 6 Gallon Fuel Tank (HH-O, Oil Fired Only)
- Painted Trim

Optional Features

- Flow Switch Burner Control
- Thermostat, 85' - 250°F
- Stainless Steel Trim
- Pressure Gauge
- Temperature Gauge

Select Electrical:

- 12VDC, 3GPM (HH-O Only)
- 12VDC, 5GPM (HH-O Only)
- 115VAC, 3GPM (HH-O, HH-G, HH-LP)
- 115VAC, 5GPM (HH-O, HH-G, HH-LP)
- 115VAC, 7GPM (HH-O, HH-G, HH-LP)
- 115VAC, 5GPM, Dual Gun Operation (HH-O, HH-G, HHH-LP)
- 115VAC, 7GPM, Dual Gun Operation (HH-O, HH-G, HH-LP)

Specifications

(Example) Standard 3-5GPM Models
Dimensions: 21" L X 21" W X 51" H
Weight: 550 LBS
