

# Gutter for Low Profile Hydropad Model 4GS787

The patented side gutter in the above ground steel Hydropad containment rack collects wash water and solids generated in the washing process. With a side gutter, wash rack cleaning can take place anytime without interfering with your wash requirements.

Depending on your needs, there are several options for solids liquid separation and cleaning.

- [Manual shovel out of gutter](#)
- [Flip screens for debris separation and easy removal](#)
- [Drag conveyor automatic solids removal](#)
- [Skid Steer drive in clean out tray](#)
