

Automatic Reclaim System

Model 4ZC563-2.0

(Autoblaster/ARS-2.0)

From low-volume shops cleaning 1 screen per day to high-production operations reclaiming more than 400 screens daily, the Autoblaster/ARS-2.0 delivers fast, consistent screen reclaiming results. By automating one of the most difficult jobs in screen printing, it helps reduce employee exposure to overspray, minimize reclaim chemical usage, and improve overall reclaim efficiency. The result is an affordable system that provides reliable, high-quality performance with every screen reclaimed.

Standard Features

- Skid Mounted
- Stainless Steel Construction – Sink Pan and Wash Box
- Simple Controls; Autoblaster On/Off and Conveyor Speed Control
- Wash Box Removable Side Doors.
- Exhaust Fan
- LED Screen Inspection Light
