

Catwalk Elevated Platform

Model 3RH770

When your job requires an elevated work platform, especially for access to operator stations around the perimeter of a Hydro pad wash rack, a Hydro Engineering Inc. catwalk is an excellent choice.

Systems are available with a variety of wash station options that provide remote control of washing systems and a wide array of wash tools including monitors for high volume demucking applications. In addition to ground secured platforms, catwalk systems that mount directly to Hydro wash racks are now available.

Work platforms conform to OSHA standards and current building codes.

Standard Features:

- Platform height is 8'
- Platform width is 3'

Optional Features:

- 20' long Catwalk
- 40' long Catwalk
- 60' long Catwalk
- 80' long Catwalk
- Access stairs
- Catwalk close off end section

Weight/20' section - LBS (KG)
Weight - Stairs -LBDS (KG)

2646 (1200)
840 (381)
